This leaflet has been produced to help you pray regularly for our roads and the people who live in them, and for an activity, organisation or aspect of our communal life together.

We are told in scripture to bring 'everything to God in prayer' and this is our intention in producing this little leaflet. Have we missed something out, probably, but it wasn't intentional! Can we add it in Yes! This isn't meant to be a straight jacket, but an aid to us developing our prayer life and praying for our community. So please use it as such.

If you have other suggestions please drop us a line and the next time we amend or reprint we will add them in.
